Summary

As a **Full Stack Developer**, I possess a creative mindset, strong teamwork abilities, and exceptional problem-solving skills. My proficiency extends across various technologies including Java, Spring Boot, .NET Core, Angular, ReactJS, Bootstrap, and JavaScript. I am dedicated to continuous improvement, as demonstrated by my active engagement in **Data Structures and Algorithms (DSA)** and my participation in solving over 310 questions on the Leetcode platform. I am committed to staying at the forefront of industry trends and delivering high-quality solutions to complex challenges.

SKILLS

- ❖ **Problem Solving, Leadership Skills, Team Player**

- ❖ **Java**

- ❖ **Spring Boot, Spring JPA**

- ❖ **HTML, CSS and JavaScript**

- ❖ **React js, Angular, Node js, Bootstrap 5**

- ❖ **.Net core API, MVC**

EXPERIENCE

- ❖ **Software Engineer | Mastek**

    Capita PCSE NHSE England | UK Healthcare   (Feb 23 – Present)

    - Acknowledged by the client for outstanding contributions in .NET Core MVC, JavaScript, **HTML**, and **CSS** development, playing a key role in enhancing and implementing new features and overall project efficiency.
    - **Led a team** in the successful upgrade of the project to a newer Bootstrap version, showcasing **strong leadership**, **technical expertise**, and project management skills. The upgrade aimed to improve **user experience(U/X)** and keep technology stacks up to date.
    - **Innovated** and implemented a user-friendly feature, allowing seamless progression through the declaration form even without signing. Introduced a checkbox and dropdown mechanism, auto populating date and time fields, significantly enhancing the user experience.
    - **Successfully** delivered multiple features, all of which are live and actively used by end-users in **UK England**, contributing to the project's success.
    Tech Stack: .NET Core MVC, JavaScript, HTML, CSS, Bootstrap.

❖ **Trainee Software Engineer | Mastek**

Morrisons | UK Ecommerce   (May 22 – Feb 23)

- Contributed to the success of the UK Ecommerce Project, focusing on **ReactJS** for **frontend** and **Spring Boot** for **backend** development actively participating in the design and **development** of the products page layout and API's.
- Utilized ReactJS skills to enhance user interfaces, ensuring a seamless and visually appealing **shopping** experience for end-users.
- Learned, developed and maintained **APIs** using Spring Boot, **Spring JPA** enabling efficient communication between the frontend and backend systems.
- Played a key role in designing and implementing the layout of the products page, emphasizing user-friendly design and optimal user experience.

  Tech Stack: ReactJS, Spring Boot, java, Spring JPA.

EDUCATION

❖ B.Sc. I.T | Rizvi College of Arts Science and Com.   (Jun' 17 – Oct' 20)
❖ XII | Nirmala College (N.M.F.C)   (Jun' 15 – May' 17)
❖ X | St. Xavier's High School   (Apr' 15)
